HP Z24i G2 60.96 cm (24") Display

Color consistency and performance for the project perfectionist

Be a productive powerhouse with the sleek HP Z24i G2 60.96 cm (24") Display. This virtually seamless WUXGA display is factory-tested for reliability and longevity with integrated color calibration, uninterrupted multi-screen[1] tiling, and expansive device connections.

Streamline productivity with screens for every project
- Multi-task without disruptions across multiple displays[1] with a 3-sided micro-edge bezel on each screen. Get stunning visuals from the 1900 x 1200 resolution[2], 16:10 aspect ratio, 60.96 cm (24") diagonal IPS screen and over 2 million pixels.

Out-of-this-world color right out of the box
- Consistent, accurate color between displays and from project to project is easier than ever with factory color calibration from the very first time you power on.

Quality from the start
- We rigorously test each HP Z Display to help ensure it's a reliable, long-life visual solution, and back it up with the HP Zero Bright Dot Guarantee[3], HP's most stringent pixel policy, which replaces the screen if even one bright sub-pixel fails.[4]

Big ideas for small spaces
- Make the most of your available workspace by mounting powerful machines like the HP Z2 Mini Workstation[5] directly behind the display for a compact, efficient, single-footprint solution.

Featuring
- Connect easily with ports that include a two-port USB 3.0 hub and VGA, HDMI, and DisplayPort™ connections tested for use with legacy, current, and future HP Workstations.
- Work comfortably with adjustable tilt, height, and swivel settings. Use pivot rotation to conveniently customize portrait or landscape views on multiple displays.
- Design the screen for how you work with HP Display Assistant software, which enables screen partitioning and helps deter theft by dimming a display that's disconnected without approval.
- Reduce power consumption and help lower costs with an intelligent, energy-efficient, low-halogen display that is ENERGY STAR® certified, TCO qualified, and EPEAT® 2019 registered with mercury-free display backlights and arsenic-free display glass.
- Build a complete solution with optional HP accessories designed and tested to work with your display.

HP Z24i G2 60.96 cm (24") Display Specifications Table

Display type	IPS w/LED backlight
Brightness	300 cd/m²[1]
Contrast ratio	1000:1[1]
Response Ratio	5 ms gray to gray[1,3]
Product colour	Black
Aspect ratio	16:10
Native resolution	WUXGA (1920 x 1200 @ 60 Hz)
Resolutions supported	1920 x 1200; 1920 x 1080; 1680 x 1050; 1600 x 900; 1440 x 900; 1280 x 1024; 1280 x 800; 1280 x 720; 1024 x 768; 800 x 600; 720 x 480; 640 x 480
