Track on almost any surface
NX-7000 uses 1200dpi BlueEye technology to generate a high contrast image and provide tracking accuracy. It is friendly to use on dusted glass, marble, carpet, or a sofa.
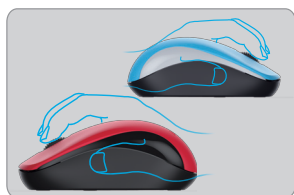

Nifty color choices
The nifty color design makes you work with more fun. You have choices of spring green, pure white, calm black, ocean blue and passion red.
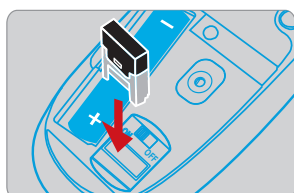

Unify your Genius mice
The NX-7000 receiver can be used to connect with seven additional Genius mice*. No more worries if you lose a receiver from one of new Genius wireless mice*. You can use the same receiver and keep one mouse at work and one at home for more mobility and an exceptional work experience.
