Delegated Regulation (EU) 65/2014

|                                                           |                  |
|-----------------------------------------------------------|------------------|
| Supplier name or trademark                                | <b>SMEG</b>      |
| Model identifier                                          | <b>SF6400TVX</b> |
| Number of cavities                                        | <b>1</b>         |
| <b>Cavity 1</b>                                           |                  |
| Energy Efficiency Index                                   | <b>95,2</b>      |
| Energy Efficiency Class                                   | <b>A</b>         |
| Energy consumption per cycle (conventional mode)          | <b>1,15 kWh</b>  |
| Energy consumption per cycle (fan-forced convection mode) | <b>0,80 kWh</b>  |
| Heat source                                               | <b>Electric</b>  |
| Volume                                                    | <b>70 Litres</b> |
