Delegated Regulation (EU) 65/2014

|                                                           |                    |
|-----------------------------------------------------------|--------------------|
| Supplier name or trademark                                | <b>Samsung</b>     |
| Model identifier                                          | <b>NV75T8549RK</b> |
| Number of cavities                                        | <b>1</b>           |
| <b>Cavity 1</b>                                           |                    |
| Energy Efficiency Index                                   | <b>81,6</b>        |
| Energy Efficiency Class                                   | <b>A+</b>          |
| Energy consumption per cycle (conventional mode)          | <b>1,05 kWh</b>    |
| Energy consumption per cycle (fan-forced convection mode) | <b>0,71 kWh</b>    |
| Heat source                                               | <b>Electric</b>    |
| Volume                                                    | <b>75 Litres</b>   |
