

Make even the most complex meals simple to prepare

This large-capacity oven is specially designed to cook several different dishes at once, taking all the stress out of preparing a meal.

This large-capacity oven is specially designed to cook several different dishes at once, taking all the stress out of preparing a meal.

Product Benefits & Features

Who wants to wait?

Get heat quickly with gas

The gas hob on our freestanding cooker cuts down on waiting time in the kitchen. As soon as you ignite the flame under your pots and pans, they're heated up quickly – ready for use. And the hob controls are highly responsive, meaning it's easy to use.

- 1 rapid burner, 2 semi-rapid burners, 1 simmer burner
- 2 semi-rapid burners
- 1 simmer burner
- Enamel pan supports
- Top cavity features:
- Allows you to cook traditional food with perfect results
- Main oven features:
- Gas cut-off safety device
- Multi-zone oven
- Cooker features:

Get twice the cooking capacity with two oven cavities

Let's face it – in the kitchen, you don't always have the luxury of being able to do things one at a time. Luckily, with two oven cavities, you can easily bake and grill simultaneously – getting your meal onto the table much faster.

Grilled food made easy

Zanussi's electric grill lets you create delicious dishes with the oven door closed. It's built right into the cooker's cavity and works without gas. So there's no need for open doors. Simply prepare your food, let it cook to perfection and enjoy more space in your kitchen.

Added capacity for every occasion

For those occasions when you need to cook for visiting family or friends, this larger baking tray matches your larger oven. It's 25% larger than the standard size.

Gas and flame at once

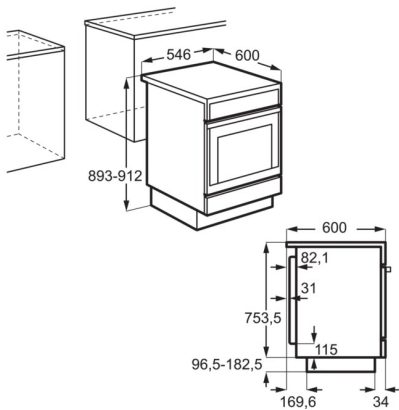

Our easy ignition cooker makes starting mealtime preparation much simpler. One turn of the knob starts the gas supply and a push lights it. All in one easy motion. There's no need to reach for a match, either for the oven or hob, meaning you can keep both hands concentrated on cooking.

Product Specification

Dimensions	899-917x550x600
Voltage	240
Total electricity loading, W	2400
Cord Length	1.6
Required Fuse	13
Cavity size	83
Volume usable, l	36
Largest Surface area	1254
Colour	White
Self-Cleaning?	Black Enamel
Cleaning Bottom Oven	Black Enamel
Power Management	No
Energy class	A
Energy efficiency class	A
Energy consumption, conventional mode, kWh per cycle	1.8
Energy consumption per EU standard cycle	1.35
Right front - Power/Diameter	1000W/66mm
Right rear - Power/Diameter	1900W/80mm
Dial	3000W/109mm
Rear - Power/Diameter	1900W/80mm
Tray types included	1 Dripping pan black enamel
Type of Trays - Bottom Oven	No

Grids	1 Grill pan grid chromed wirework, 2 Flat shelf chromed wirework
Grids type - Bottom Oven	1 Flat shelf chromed wirework
Runners	Grid Runners
Runners - Bottom Oven	Grid Runners
Gas supply: natural gas	G20 (2H) 20 mbar
ProdPartCode	All Open
