Roomba® Vacuuming Robot

High-performance,
good for pet hair

Roomba® 606

Smart

iAdapt® Navigation uses a suite of intelligent sensors that help Roomba® robot vacuums make more than 60 decisions per second to adapt to your home and help to thoroughly clean your floors.

Simple

Just press CLEAN and Roomba® gets to work vacuuming your carpets and hard floors, automatically adjusting to different floor surfaces as it moves through your home.

Clean

The 3-Stage Cleaning System uses Dual Multi-Surface Brushes, a specially designed Edge-Sweeping Brush, and vacuum suction to attack everything from small particles to large debris on your carpets and hard floors.

Roomba® robot vacuums help you keep up with everyday mess.

Smart: Seamlessly navigates under and around furniture

Simple: Just press CLEAN

Clean: The 3-Stage Cleaning System removes everything from small dust to large debris from your floors

Roomba® 606 specific features:
